John P. Vagliardo

VAGLIARDO

Inspection Service

Subscribe to the ethical and professional standards necessary of a quality home Inspector.

With a Vagliardo Inspection you may choose either a whole house inspection that includes the complete structure, grounds and mechanical systems or choose a systems only inspection.

As the client, you are encouraged to be present during the inspection so that the inspector can explain his findings and answer all your questions.

- New York State Licensed
 - Insured
 - Industry certified
-

Buyers

Protect your investment. With a Vagliardo inspection, you will have peace of mind knowing that your new home has been inspected by a professional who has experience in construction and maintenance.

Sellers

Enhance your home's market appeal and limit your liability. Provide your buyer with an independent analysis of your home's condition. Show your buyer that you have nothing to hide.

Daytime, evening or weekend inspections available!
